

Advanced Chemical Etching Limited

RoHS Statement

RoHS Directive 2011/65/EU

With reference to this directive on the restriction of the use of certain hazardous substances in electrical and electronic equipment, we can confirm that:

Advanced Chemical Etching Ltd is a component manufacturer; and therefore does not melt or produce any of the materials supplied to our customers. Advanced Chemical Etching Limited does not knowingly add or expose these materials to the hazardous substances which are listed within the RoHS Directive as shown below:

- Lead >1000ppm (0.1%)
- Mercury >1000ppm (0.1%)
- Cadmium > 100ppm (0.01%)
- Hexavalent Chromium > 1000ppm (0.1%)
- Polybrominated Biphenyls (PBB) > 1000ppm (0.1%)
- Polybrominated diphenyl ethers (PBDE) > 1000ppm (0.1%)
- Bis(2-Ethylhexyl) phthalate (DEHP) > 1000ppm (0.1%)
- Benzyl butyl phthalate (BBP) > 1000ppm (0.1%)
- Dibutyl phthalate (DBP) > 1000ppm (0.1%)
- Diisobutyl phthalate (DIBP) > 1000ppm (0.1%)

Statements from our material suppliers' state that products supplied to Advanced Chemical Etching Limited do not exceed the allowed levels of these substances; therefore the materials are compliant with the EU RoHS Directive 2011/65/EU.

However, Advanced Chemical Etching Limited manufactures parts which are designed entirely by its customers and does not review any designs for compliance with RoHS directives or for compliance with any international standards. If the customers' designs are compliant, the finished parts will be.

Signed

Jayne Parker
